

PGA West Master Association June, 2018 Newsletter

The following message is the latest in an on-going series of e-mails from the PGA West Master Association Board, describing the Board's decisions, challenges and priorities. This message is being sent on behalf of the Master Association Board of Directors.

UPDATE- PGA BOULEVARD PAVING

We wanted to remind property owners about the final phases of the paving work scheduled for the remainder of the project:

Replacement of Speed Bumps - new speed bumps were installed earlier this week; and the speed bumps are being seal coated today. At each speed bump, one lane in each direction will be closed for approximately three hours while the sealcoating dries.

Re-striping - the contractor will be re-striping the entire Boulevard, beginning on Monday, June 11; and completing the task on Tuesday, June 12. The vast majority of the lane markings will be done late on Monday evening - between the hours of 10:00 PM and midnight. On Tuesday, June 12, there may be some lane closures while crosswalks and stop bars are being painted; however, all roads and gates will be open and accessible throughout the day.

Sincerely,

Your Board of Directors
